

UNIVERSITY OF GOTHENBURG

Available position

17th of Febr 2010 Ref nr: E 334 656/10

The Faculty of Science at University of Gothenburg invites applications for a vacant permanent position as

Ph.D. student position in Natural Science specialising in Physics at the Department of Physics

Available from August 1, 2010 (starting date is negotiable).

The University of Gothenburg is one of the largest universities in Scandinavia. The Department of Physics has active research programs in the areas of *astronomy and astrophysics, atomic- and molecular physics, biological physics, complex systems, condensed matter physics, and didactics of physics*. Research and teaching are carried out jointly with the Departments of Applied Physics and Fundamental Physics at Chalmers University of Technology, within the Physics Centre in Gothenburg. For more information, please visit the Department of Physics home page, <http://www.physics.gu.se/>.

Other information:

The successful applicant can choose her or his own area of research, provided that thesis supervision can be made available. A suitable background is a M.Sc. or an advanced undergraduate degree with Physics as major subject. The position is for four years, but can be extended by an additional 6-12 months if the student takes on some teaching or administrative duties during the first four years (at most 20 % of the full work load). The University of Gothenburg is an affirmative action institution and encourages applications from women.

Applicants should submit a curriculum vitae, undergraduate grade record, a statement of research interests, and name, telephone number, and e-mail address to two reference persons.

For additional information, please contact Professor Henrik Johannesson, Director of graduate studies, tel. +46-31-772 3185, e-mail: henrik.johannesson@physics.gu.se

The application should be sent to:

Registrar
University of Gothenburg
Box 100
405 30 Gothenburg

The application should be sent **no later than 31 March 2010**

Mark the application with the reference number: **E 334 656/10**

Applications via e-mail are not accepted.
